The Report of the Police Committee.

On the Resolution of Alderman O'Brien. Their Reasons—The Ordinance.

The following is the report of the police committee to the city council last night:

GENTLEMEN—The police committee, to whom was referred the within resolution, beg to say that only two weeks ago at a regular meeting of your honorable body, said committee presented to you and recommended the passage of a resolution instructing the marshal and police to enforce all the ordinances of this city, and, it appearing to us that such resolution was distasteful to the city council and was voted down by a majority of six to four by said council, in view of these facts we have no recommendations to make in reference to the enforcement of the laws and ordinances of this city.

W. H. DEATON,
T. C. TIBBS,
W. S. GILLESPIE,
Police Com.

The following is the resolution referred to, which was offered by Alderman O'Brien at the meeting of the council May 17:

Resolved, That the marshal be instructed to rigidly enforce article 26, chapter 6, with reference to night prowling of parties who cannot give a satisfactory account of themselves. This is imperative, as unprotected homes are in constant danger from same.

Alderman O'Brien stated at the same time he introduced the resolution that he believed if this enforcement was made rigid by the officers that it would cause a cessation of the petty burglaries which are heard of occasionally.

The police committee attempted to pass a resolution ordering a strict enforcement of the ordinances recently, but it was voted down and they do not propose to make further recommendations in the matter.

The following is the article referred to in the resolution of Alderman O'Brien. If the marshal is not aware of its existence The News apprises him of it by this publication and his oath of office, which was recently published in this paper, teaches him his duty:

Art. 26. Whoever shall, in this city, be in the night-time, or at any other inappropriate time, in, or about any public or private buildings, or premises, where he, she, or they, have no right or permission to be, under suspicious circumstances, and without being able to give a satisfactory account of the same, shall be fined in any sum not exceeding one hundred dollars.

STRIKING SILVER MINERS.

A Battle Reported In Progress In the Mountains.

Cripple Creek, Col., May 25.—Mayor Whiting today received a telephone message to the effect that the miners from Bull Hill had surrounded the Independence and Portland mines and a battle was in progress.

A DASTARDLY DEED.

Cripple Creek, Col., May 25.—A wagon load of powder was backed up against the shaft house of the Strong mine by the strikers and exploded. Several men were in the shaft house a short time before. Whether they got out alive or not is not known.

All telephone wires leading into the hills have been cut and it is feared the telegraph wire will go soon. It is reported that the Denver deputies reached Victor and were immediately assaulted.

A Stealthy Attack.

Centralia, Ill., May 25.—Despite their defeat and the capture of a quarter of their number yesterday at Odin, about fifty Duquoin miners crept stealthily onto the Centralia mines before dawn today and fired a tremendous fusillade on the company's offices. Fortunately the guards were but a short distance away. They returned the fire with their Winchester and the miners took to their heels. So far as known, no one was hurt.

Troops have arrived at the mine and the town is under military rule.

Waiting for Bloodshed.

Springfield, Ill., May 25.—The sheriff of Watson county telegraphed Governor Altgeld that three hundred miners from Murphysboro had camped there, threatening to destroy the St. Louis and Big Muddy company's works and kill the manager and superintendent, and requesting the use of the Fourth infantry. The governor denied the request on the ground that a proper effort to preserve the peace through the means of armed deputies had not yet been made.

Weather as a Pacifier.

Connellsville, Pa., May 25.—The cold last night dispersed several mobs of strikers and probably averted bloodshed. The strikers were excited over the killing of their fellow workmen at the Washington mines, and were ready for any desperate undertaking to revenge the terrible slaughter. Several mobs were organized with the avowed intention of killing some deputies, but the cold rain and biting north west wind drove them to shelter.

Indiana Democrats.

Evansville, Ind., May 25.—The First district Democrats at Rockport nominated Arthur H. Taylor for congress. Resolutions were adopted denouncing Hill, Brice and Gorman as the Benedict Arnolds of the Democratic party, and demanding that sugar be put on the free list. They also demand that the income tax be retained in the tariff bill as it came from the house.

Milltimen Arrive.

LaSalle, Ill., May 25.—Five companies of militia have just arrived from Ottawa, Streator and Aurora, and are now going into camp at the Rockwell Mining settlement at the east end of the city. Their coming has done much to relieve the terror and anxiety of the people.

The Waco Electric Light and Railway company is putting incandescent lights in the streets on Provident Heights.

Complaint has been filed in the county court against Carrie Gray, a 13 year-old girl, alleging lunacy. The affidavit was made by her parents. She will have a hearing tomorrow morning.

The commencement and graduating exercises of the Waco High school will take place at the opera house Thursday evening, May 31. There are fifteen graduates, of whom ten are young ladies.

The News is in receipt of a handsomely engraved invitation bidding it to the commencement exercises of the Agricultural and Mechanical college at Bryan, on June 5. The graduating class for the year numbers thirty-two.

The Baptist Young People's Union of the First Baptist church will have a social this (Friday) evening in the basement of the church. Music will be a feature of the evening and Aunt Lizzie Aiken, of Chicago, has promised to be present. All are invited.

Cycles become more numerous on the street every day. Ladies seem to take with enthusiasm to that gracious and healthful exercise. Yesterday a handsome lady with her two boys on each side spinning away in splendid style was a real picture and The News man greatly regretted that he had no kodak at hand to catch them on the fly.
